	Sr. No	**Study No.**	**Study Title**	**Principle Investigator**	**Current Status**	**Publication**
	1	2013	Impact of Anti glaucoma Medication on ocular Surface (Prospective cross sectional study)	Dr. Sapna Kini	Completed	No
	2	2013	To find out efficacy of integrated approach towards childhood asthma (Hypersensitive airways) compared with conventional treatment (Retrospective study)	Dr. Memane	Completed	Yes
	3	2013	A Preliminary retrospective study on blood group and male infertility: Is there a connection?	Dr. Sunita Prasad	**Withdrawn by PI**	No
	4	2013	Perceptions of Laypersons on the Institutional Review Boards about Their Role and Current Practices	Mrs. Mukta Kuyare	Completed	No
	5	2013	A prospective single arm physician Initiated Trial (PIT) to assess safety and efficacy of Biolimus 49- Eluting Stent (BES): All-Comers including complex cases sub-group	Dr. Rajiv Bhagwat	Completed	No
	6	2013	Effect of preoperative and postoperative spiritual care on quality of life , spiritual well being, anxiety and life style in cancer patient undergoing surgical treatment.	Dr Komal Dalal	Completed	No
	7	2013	Effect of spiritual care on Quality of life, spiritual well being, anxiety and lifestyle among relative or caregiver of cancer diagnosed patient	Dr Komal Dalal	Completed	Yes
	8	2013	Assessment of Effect of various lifestyle factors on semen parameters	Dr. Sunita Prasad	Completed	No

	9	2013	Assessment of intravenous complications of neonates admitted in NICU at BhaktiVedanta hospital.	Mrs. Bindumol Math	Completed	No
	10	2013	To study factors influencing selection of antibiotics for Lower Respiratory Tract Infections (LRTI) in hospitalized patient and its impact on outcome	Dr Ajay Godse	Completed	No
	12	2013	Vitamin D level in patients having chronic musculoskeletal complaints visited to Rheumatology OPD Clinic: A Retrospective Study	Dr Pramodini Shank	Completed	No
	13	2013	A Pilot Study To Explore The Knowledge Attitude And Practices Of Care Givers In Relation To Home Care Of Schizophrenic Patient	Mrs. Swati Bhide	Completed	No
	14	2013	A pilot explorative study to assess the effectiveness of knowledge on fever and its management among mothers of under five children through structured teaching program in Chena community	Mrs. Jyotsna Tamore	Completed	No
	15	2013	An analytical study to assess the knowledge about management of pressure ulcers among staff nurses working in Intensive Care Unit	Mrs. Jyotsna Tamore	Completed	No
	16	2013	An explorative study to assess the lifestyle of chronic renal failure patients receiving hemodialysis	Mrs. Swati Bhide	Completed	No

	17	2014	Randomised controlled study to access effect of spiritual care of patients with generalised anxiety and depression visited to Psychiatric OPD at BhaktiVedanta Hospital	Dr Komal Dalal	Completed	Yes
	18	2014	A retrospective analysis of Complications of laparoscopic cholecystectomy in symptomatic and asymptomatic cholecysto-lithiasis	Dr B. C Shah	Completed	Yes
	19	2014	Pilot study of the health related quality of life of diabetic patients in a hospital of modern urban city in India and comparing the current Indian diabetes management with international practices.	Dr Ameya Joshi	Completed	No
	20	2014	A randomized, Open label, controlled study to evaluate Effect of pressure relieving device (ALPHAXCELL) on development and progress of pressure ulcer among patients admitted to intensive care units of BhaktiVedanta hospital	Mrs Uma Shetkar	Completed	No
	21	2014	Retrospective analysis of antibiotic sensitivity pattern of urinary pathogens at BhaktiVedanta Hospital.	Dr Sivaprasad Gourabathini	Completed	No
	22	2014	Phacoemulsification in a rural camp setting-a feasibity Report.	Dr. Suraj Bhagde	Completed	Yes
	23	2015	A Comparative study to find out prevalence of overweight among secondary school children from government and private school in mira road area	Mrs Uma Shetkar	Completed	No

	24	2015	Study to assess effect of counseling with Holistic approach in the treatment of depression among the patients related to interpersonal relationship issues visited to psychiatric O.P.D at BhaktiVedanta Hospital and Research Institute .	Papiya Sanyal	Completed	No
	25	2015	Study to assess effect of counseling combined with spirituality among psychiatric patients who have had bad experiences in their lives leading to loss of faith in the Supreme visited to psychiatric O.P.D. at BhaktiVedanta Hospital and Research Institute.	Aleya Sanyal	Completed	Yes
	26	2015	Histopathological Examination of Gallbladder for early detection of malignancy - Retrospective analysis from a suburban hospital in Mumbai	Dr B. C Shah	Completed	No
	27	2015	A prospective , controlled study to assess effect of Spiritual therapy in patient undergoing Angioplasty at Bhaktivedanta Hospital	Dr Komal Dalal	Completed	Yes
	28	2015	A Study to assess knowledge and practice among staff nurses regarding care of central venous catheter in Bhaktivedanta Hospital	Mrs Uma Shetkar	Completed	No
	29	2016	A prospective, controlled study to assess effect of Spiritual therapy in patient undergoing hemodialysis at Bhaktivedanta Hospital	Dr Komal Dalal	Completed	Yes

	30	2016	A Retrospective evaluation of waiting time of patients visiting OPD of Opthalmalogy Department at BhaktiVedanta Hospital and Research Institute	Dr.Alok Kumar	Completed	No
	31	2016	Assessment of Clinical profile, antibiotic sensitivity and prescription pattern in blood culture positive enteric fever pediatric and adult patients admitted in tertiary care Hospital	Dr Swapnil Gautam	Completed	Yes
	32	2016	Evaluation of Knowledge, Attitude, Practices regarding social aspects in clinical research: Questionnaire based study	Dr.Vijaykumar Gawali	Completed	No
	33	2016	Effect of spiritual care on variability of Blood sugar and Ambulatory Blood Pressure among patients diagnosed with Type II Diabetes Mellitus and history of hypertension	Dr Komal Dalal	Completed	Yes
	34	2016	Study of Co-relation between Androgen Receptor Expression and Clinical Impact on Overall Survival of patients diagnosed with Triple Negative Breast Cancer: A Retrospective study	Dr Nirmal Raut	Completed	No
	35	2016	An observational study on occurrence and co-relation of blood pressure and random blood glucose with general, nutritional, occupational and lifestyle related parameters in general population.	Mrs Uma Shetkar	Completed	No
	36	2016	Assessment of random sugar correlation with lifestyle, nutrition, family history, occupation of non-diabetic patients in Chena village of Thane district	Mrs Uma Shetkar	Completed	No

	37	2017	Study of Perception, Knowledge and Awareness about Anesthesia and Role of Anesthesiologist, among Preoperatively and postoperatively patients undergoing anesthesia procedure in Tertiary Care Hospital.	Dr. Shilpa Tiwaskar	Completed	Yes
	38	2017	Awareness of blood donation amongst health care workers in tertiary care hospitals: A cross sectional multicentric study.	Dr. Sunita Prasad	Completed	No
	39	2017	Retrospective analysis of life style of patients admitted to tertiary care multispecialty Hospital	Dr Komal Dalal	Completed	No
	41	2017	Assessment of Clinical Outcome of Platelet Rich Plasma (PRP) Injection in Progression of Mild to Moderate Osteoarthritis Patients. A Retrospective Study.	Dr Girish Rathod	Completed	Yes
	42	2017	Oral endotracheal intubation with kingvision videolaryngoscope assisted with or without a maneuverable Ambuscope bougie, a comparative study.	Dr. Vivek Kulkarni	Completed	No
	45	2017	Assessing the prevalence of exclusive breastfeeding vs. formula feeding among urban women with infants (0-6)	Mrs. Vaidehi Nawatl	Completed	No
	46	2018	Nutrition education awareness and nutrition assessment of breast cancer patients undergoing chemotherapy	Mrs. Vaidehi Nawatl	Completed	No
	47	2018	Effect of IAYT (Integrated Approach of Yoga Therapy) on stress in health care professionals.	Dr Girish Rathod	Completed	No

	48	2018	A Comparative Study of Quality of Life of Recovered Schizophrenics and Non-Schizophrenics	Dr. Devendra Save	Completed	No
	50	2018	Evaluation of a Krishna Conscious Lifestyle in ISKCON Devotees- A multi-center study.	Dr Komal Dalal	Ongoing	No
	51	2018	To study sensitivity of Typhidot IgM test as a quick diagnostic tool in children with clinically compatible enteric fever in urban setting.	Dr. Sandeep Garg	**Withdrawn by PI**	NA
	53	2018	Clinical Profile and Susceptibility pattern of children with Methicillin-resistant Staphylococcus aureus (MRSA) infection in a tertiary care hospital.	Dr. Anuradha Joshi	Ongoing	No
	54	2018	To study clinical and laboratory profile of enteric fever in children in urban population.	Dr. Sandeep Garg	Ongoing	No
	55	2018	Study of incidence of breastfeeding failure jaundice in cases of neonatal hyperbilirubinemia in a suburban hospital	Dr. Sandeep Garg	Completed	Yes
	56	2018	To study sensitivity of Typhidot IgM test as a quick diagnostic tool in children with clinically compatible enteric fever in urban setting.	Dr. Sandeep Garg	Ongoing	No
	57	2018	A Prospective, Pilot, Randomized, Two arm, Parallel Group Study to Assess the Efficacy of Curcumin and Lycopene on patients with established Types II Diabetes Mellitus.	Dr. Dhaval Dalal	**Withdrawn by PI**	NA

	58	2018	Assessment of epidemiology & antibiotic sensitivity pattern of patients with community acquired urinary tract infection in north Mumbai.	Dr. Kinjal Patel	Completed	No
	59	2018	Retrospective , Non Randomized , single center , observational study on Impact of Nurses training and interventions in Inpatients suffering from thrombophlebitis.	Dr. Suraj Purushothaman	Completed	Yes
	60	2018	Comparison of anaemia in health care workers with that of general population – Retrospective Study .	Dr. Dhaval Dalal	Ongoing	No
	61	2018	Retrospective Audit of Antibiotic Prescription Pattern of Cardiovascular Thoracic Surgery Department (CVTS) in a Tertiary care Hospital of a Mumbai suburb.	Dr Swapnil Gautam	Completed	Yes
	62	2018	Clinical profile of dengue in adults and factors warranted the transfer of patients from ward to critical settings at tertiary care hospital in north Mumbai.	Dr Swapnil Gautam	Ongoing	No
	63	2018	Retrospective analysis of quality improvement interventions for reduction and prevention of bedsores at tertiary care hospital.	Dr. Suraj Purushothaman	Completed	No
	64	2018	Retrospective analysis of epidemiology, outcome & critical care interventions for the prevention of Ventilator Associated Pneumonia in a tertiary care hospital of North Mumbai.	Dr. Suraj Purushothaman	Completed	No

	65	2018	Impact of a “Blood culture collection” bundle to reduce blood culture contamination rates - a Retrospective study from a tertiary care hospital in Mumbai	Dr. Kinjal Patel	Ongoing	No
	66	2018	Subjective Sensory Experience during Topical Phacoemulsification.	Dr. Suraj Bhagde	Ongoing	No
	67	2019	A prospective study of epidemiology and microbiological profile of patients having keratitis.	Dr. Kinjal Patel	Completed	Yes
	68	2019	Analyses of methicillin resistant Staphylococcus aureus (MRSA) colonization in females admitted in maternity unit at tertiary care hospital.	Dr. Kinjal Patel	Completed	Yes
	69	2019	Knowledge, attitude and practice of Hand hygiene among different category of healthcare workers in a tertiary care hospital.	Dr. Kinjal Patel	Ongoing	No
	71	2019	Prospective , single center , observational study of Use of shear wave Elastography in assessment of liver fibrosis in patient with fatty liver.	Dr. Dhaval Dalal	Ongoing	No
	72	2019	Prospective observational single center study on visceral fat thickness as the independent determinant of metabolic syndrome .	Dr. Dhaval Dalal	Completed	Yes
	73	2019	Perceptions of doctors & general population about reuse of single use devices-A survey	Mrs.Mukta Kuyare	Ongoing	No
	74	2019	Prospective cohort observational single center study of diabetic distress in suburban type 2 population	Dr Mohhamed Fahad	Completed	Yes

	75	2019	Prospective , single center , study of efficacy of trimethylglycine in patients with fatty liver disease with or without fibrosis.	Dr.Puneet Jain	Completed	Yes
	76	2019	The Prospective observational cross sectional study of association between sleep behaviour with paediatric recurrent respiratory illness and school functioning	Dr.Megha. M	Completed	Yes
	77	2019	Prospective obervational study of effect of screen time exposure on behavioural and growth parameters in paediatric population.	Dr. Ranjitha Rani	Completed	Yes
	78	2019	Prospective obervational study to assess the accuracy of urine dipstick nitrite and leukocyte esterase in case of pediatric urinary tract infection	Dr. Anurag Yenkar	Completed	Yes
	79	2019	Prospective obervational study of thyroid stimulating hormone level in neonate of diabetic mother and neonate born of mother with thyroid dysfunction compared with neonate born of non diabetic and non thyroid mother.	Dr. Gaikwad Priyank	Ongoing	No
	80	2019	A Prospective, single centre, single arm, interventional Study to assess the Role of Magnesium in improvement of glycaemic control among diabetic patients.	Dr.Dhaval Dalal	Ongoing	No
	81	2019	To study the effect of spiritual therapy in the treatment of autistic children.	Dr.Komal Dalal	Ongoing	No

	82	2019	A Prospective, single centre, single arm, Cohort Study to Assess the Role of Magnesium Supplementation in improvement of symptoms and left ventricular function in Heart Failure patients.	Dr.Dhaval Dalal	Ongoing	No
	83	2019	A study on the effectiveness of spiritual care/holistic care on subjective wellbeing of undergraduate students in selected nursing education institute at Mumbai,Maharashtra	Mrs.Bhadrapriya S.P	Ongoing	No
	84	2019	A retrospective study of epidemiology and microbiological profile of patients having keratitis.	Dr.kinjal patel	Completed	**No**
	85	2019	A cross sectional study to assess knowledge and perceptions towards antibiotic use and resistance among the physicians and pharmacists-two major healthcare providers	Brinal Pareira	Ongoing	**No**
	86	2019	Utilization of a mobile screening toolkit in the urban slum setting of mumbai	Ria Rungta	Completed	**Yes**
	87	2020	"Major Neurological complications following central neural blockade – An observational study in Maharashtra"(MGMM CNB Study)	Dr.Shilpa Tiwaskar	Completed	**No**
	88	2020	Prospective , retrospective , single center , interventional , case control study of Effect of Garbhsamskar Program on the quality of life of women in antepartum, intrapartum , post partum period and overall child development in terms of Intelligence quotient , developmental quotient and Spiritual quotient.	Dr.Komal Dalal	Withdrawn b	**No**

	89	2020	Prospective single center interventional randomized controlled study of Efficacy/ Role of prophylactic antibiotics in Dilatation and curettage management .	Dr.Kamalapriya	Completed	**Yes**
	90	2020	Prospective, single center interventional randomized control study of role of early initiation of feeds in post lower segment caessarian section patients.	Dr.Vaishali Choudha	Completed	**No**
	91	2020	An open label, non-randomized, single arm, prospective, interventional pilot study to evaluate efficacy of oral Etoposide and Tamoxifen as maintenance metronomic chemotherapy in patients diagnosed with Stage IIIC/IV High grade Serous Ovarian cancer.	Dr.Nirmal Raut	Ongoing	**No**
	92	2020	Prevalence of diabetes and Prediabetes in adolescent and young adults in Western	Dr.Dhaval Dalal	Ongoing	**No**
	93	2020	Prospective , single center , observational , cohort study of Effect of Garbhasamskar Program on the quality of life of women in antepartum, intrapartum , post partum period.	Dr.Komal Dalal	Ongoing	**No**
	94	2020	Prospective , single center , observational comparative study to assess growth , development, Intelligence quotient and behavioral abnormalities in children born of mothers who underwent Garbhasamskar Program during pregnancy .	Dr.Komal Dalal	Ongoing	**No**

	95	2020	A retrospective study of antimicrobial susceptibility pattern of Streptococcus pneumoniae over the period of 2 yrs at tertiary care hospital in North Mumbai.	Ms.Rutuja Darne	Completed	**No**
	96	2020	Retrospective study of incidence of needle sticks and sharps injuries among healthcare workers in a tertiary care hospital of North Mumbai.	Ms.Trupti Carval	Ongoing	**No**
	97	2020	Culture & Sensitivity Pattern Of Aerobic Bacterial isolates in Diabetic Foot Infections, in a Suburban Tertiary Care Hospital In Mumbai – Retrospective study.	Dr.Sarang Degloorka	Completed	**Yes**
	98	2020	Prospective , single center ,observational study on evaluation of use of hydroxy chloroquine as for prophylaxis of SARS-CoV-2 infection in , "health care workers" , in tertiary care center .	Dr.Dhaval Dalal	Completed	**Yes**
	99	2020	Single centre interventional study of coping mechanisms in type 2 diabetes mellitus(T2DM) patients in suburban population and interventions to improve coping in T2DM	Ms.Bindumal Mathe	Ongoing	**No**
	100	2020	Prospective single center interventional Study evaluating integrated and independent effects of yoga, spiritual counseling (and cow cuddling 1* as an HAI –human animal intervention) on human psychological health and immune status in the view of recent covid 19 pandemic.	Dr.Snehal Donde	Completed	No

	101	2020	A Prospective, observational study, to analyse the psychological effects of Covid-19 pandemic	Dr.Dhaval Dalal	Completed	**Yes**
	102	2020	Prospective, single center, observational study on evaluation of use of Homeopathic medicine Arsenic Album for prophylaxis of SARS-CoV-2 infection in “health care workers” and their family members, in tertiary care center	Dr.Kirti Mutreja	Completed	**No**
	103	2020	Prospective , single center ,open label, randomized controlled , pilot study on evaluation of use of , “AYURCOV” as an adjuvant for prophylaxis and treatment purpose in frontline health care workers involved in treating COVID-19 patients and contacts of COVID-19 patients and treatment of SARS-CoV-2 infection for covid-19 patients , at tertiary care center.	Dr.Nanasaheb Mema	Completed	**Yes**
	104	2020	Retrospective , single center , observational study to evaluate treatment outcome of evaluation of COVID-19 patients, at dedicated covid hospital	Dr Prafulla Samant	Completed	**Yes**
	105	2020	Retrospective, single center, observational study on evaluation of use of combination of hydroxy chloroquine & Vit D-3 for prophylaxis of SARS-CoV-2 infection in , “health care workers” , at dedicated covid hospital .	Dr Prafulla Samant	Completed	**Yes**

	108	2020	A cross sectional questionnaire based survey to assess anxiety & stress due to COVID-19 pandemic on medical & paramedical staff.	Dr.Gunjan Ramteke	Completed	**Yes**
	109	2020	Retrospective multicenter study on clinical utility of comprehensive genomic profiling in cancer care	Dr.Nirmal Raut	Completed	**No**
	110	2020	A Prospective, interventional , single centre, cohort study, to analyse effect of sound vibrations of , "Hare Krishna Mahamantra" on psychological well-being , of admitted Covid-19 patients at Dedicated Covid Hospital .	Dr.Ajay Sankhe	Completed	**Yes**
	111	2020	Retrospective analysis of clinical experience in treatment of asymptomatic, suspected, symptomatic, and clinically stable patients of covid 19 with standalone and adjuvant Homeopathy	Dr.Kirti Mutreja	Completed	**No**
	112	2020	Cough based Artificial Intelligence Screening Tool for COVID-19 Disease.	Dr.Ajay Sankhe	Completed	**No**
	113	2020	A retrospective study of performance of SARS-CoV-2 detection using different primer/probe assays.	Ms.Veda Devkumar	Completed	**No**
	115	2020	Prospective, single centre, study to find the association between Covid - 19 disease and constitutional nature of a person i.e. Specific Prakriti with traditional nadipariksha and Veda pulse an integrated instrument.	Dr.Sonal Memane	Ongoing	**No**

	116	2020	Retrospective single center observational study of Efficacy/ Role of prophylactic antibiotics in Dilatation and curettage management .	Dr.Kamalpriya Thiyagarajan	Completed	**Yes**
	117	2020	Prospective , multi center ,single blind , randomized controlled study on evaluation of use of , "AyurCoro3" as an adjuvant for the treatment purpose in mild to moderate COVID-19 patients at tertiary care center.	Dr.Nanasaheb Mema	Completed	**Yes**
	118	2020	Prospective , multi center ,open label, pilot study on evaluation of use of , "AyurCoro-3" for prophylaxis purpose in frontline health care workers involved in treating COVID-19 patients.	Dr.Nanasaheb Mema	Completed	**Yes**
	119	2020	Prospective, single center, open label, observational study with matched control to evaluate the effect of Homeopathic medicines in treating thrombocytopenia associated with dengue in a tertiary care hospital practicing Integrated Medicine.	Dr.Gourish Shettey	Ongoing	**No**
	120	2020	Retrospective prescription event monitoring study of EMROK & /or EMROK-O (Levonadifloxacin)	Dr.Ankit Mody	Withdrawn by PI	**NA**
	121	2020	Infection prevention and control practices in COVID pandemic and measures taken to prevent transmission of SARS-CoV-2 at tertiary care hospital in North Mumbai- A retrospective single centre study	Dr.Kinjal Patel	Completed	**Yes**
	122	2020	Prospective study of feeding behaviour in full term neonates born to diabetic mothers in comparision to full term neonates born to non diabetic mothers.	Dr.Janhavi Shah	Ongoing	**No**

	123	2020	Assessment of nutritional status in patients on haemodialysis using handgrip strength - A prospective, observational study in Indian Population.	Dr.Makbool Ali	Ongoing	**No**
	124	2020	Predicting the outcome of patients with COVID-19 using a composite scoring system based on CT and laboratory parameters - a prospective, observational study.	Dr.Rakeshkumar Gu	Withdrawn by PI	**NA**
	125	2021	Retrospective, single center, observational study to analyze and correlate trend of Diabetes mellitus over last 5 years at tertiary care center.	Dr.Dhaval Dalal	Completed	**Yes**
	126	2021	Retrospective, single center, observational research project to study prevalence of Septicemia over last 5 years at tertiary care center.	Dr.Dhaval Dalal	Completed	**Yes**
	127	2021	Impact of Cardiopulmonary Rehabilitation in recovery of COVID-19 patients- Retrospective study	Dr.Nayana Gosavi	Completed	**Yes**
	128	2021	Impact Of Nutritional Food Supplementation And Nutrition Education In Treating Malnutrition In Anganwadi Children	Dr.Ajay Sankhe	Ongoing	**No**
	129	2021	Retro-prospective data analysis among the Covid tested population and the post covid effects among the positive patients in Mumbai suburbs.	Dr.Balkrishnan	Withdrawn by PI	**NA**
	130	2021	A retrospective study on compliance of extended use and limited reuse of N95 filtering face piece respirators at tertiary care hospital	Dr.Kinjal Patel	Completed	**Yes**

	131	2021	Epidemiology of an outbreak caused by Carbapenem resistant *Acinetobacter baumannii* complex in Intensive care unit of a tertiary care hospital in North Mumbai- a retrospective study	Dr.Kinjal Patel	Completed	**Yes**
	132	2021	A retrospective , observational study, to analyse the effect of Covid-19 counselling training session intervention on generalized anxiety amongst health care workers .	Dr.Dhaval Dalal	Completed	**Yes**
	133	2021	Assessment of Clinical Outcome of Platelet Rich Plasma (PRP) Injection in Progression of Mild to Moderate Osteoarthritis Patients. A Retrospective Study.	Dr.Girish Rathod	Completed	**Yes**
	134	2021	An initiative for complete Hepatitis B vaccination course of all the dentists in Maharashtra- A unique Hepatitis B vaccination drive.	Dr.Shrirang Sevekar	Withdrawn by PI	**NA**
	135	2021	Retrospective comparison of total corneal refractive power pre- and post-operatively in patients undergoing Femto Laser Assisted Cataract Surgery with Limbal Relaxing Incisions.	Dr.Abhijeet Desai	Ongoing	**No**
	136	2021	Prospective, single center, observational study to assess clinical and radiological outcome of Inter-Trochanteric fractures treated with Proximal Femoral Nail A2.	Dr.Girish Rathod	Ongoing	**No**
	137	2021	Prospective, single center, computed tomography based observational study of morphometric analysis of odontoid process of second cervical vertebrae at a tertiary care center.	Dr.Girish Rathod	Ongoing	**No**

	138	2021	Role of Compliance of preventive and maintenance inhaled medication in the management of obstructive airway disease in urban Indian setting a prospective observational study.	Dr.Rakeshkumar Gu	Completed	**Yes**
	139	2021	A Prospective study to evaluate symptoms, post covid vaccine administration.	Dr.Gunjan Ramteke	Ongoing	**No**
	140	2021	Comparison of endothelial cell loss in viscoless phacoemulsification versus soft shell technique of phacoemulsification. -A Retrospective Study	Dr.Abhijeet Desai	Ongoing	**No**
	141	2021	A retrospective study to understand the epidemiology of orthopaedic problems among patients of the Orthopaedic Out patient department at a tertiary care center.	Dr.Girish Rathod	Completed	**Yes**
	142	2021	Energy Efficient chop:A modified technique of nucleus chopping	Dr.Abhijeet Desai	Completed	**Yes**
	143	2021	Retrospective, single center, interventional study of analysis of functional outcome of additional Dorsal K-wire in distal radius fracture along with Radial styloid K wires.	Dr.Girish Rathod	Ongoing	**No**
	144	2021	Prospective, multi center, observational, study on evaluation of use of, “AyurCoro3” as an adjuvant for the treatment purpose in mild to moderate COVID-19 patients at tertiary care center.	Dr.Nanasaheb Mema	Completed	**Yes**
	145	2021	A retrospective study to analyze the causes of missed abortion among patients of the gynecology Out patient department at a tertiary care center.	Dr.Kamalpriya Thiyagarajan	Ongoing	**No**

	146	2021	Maternal and foetal outcome in twin pregnancy, a retrospective, single center, cohort, observational study in Indian scenario.	Dr.Vaishali Choudhary	Completed	**Yes**
	147	2021	An observational study to understand the clini	Dr.Nirmal Raut	Ongoing	**No**
	148	2021	A prospective study to understand the prevalence of PCOS and analyze its causes among patients of the gynecology Out patient department at a tertiary care center.	Dr.Kamalpriya Thiyagarajan	Completed	**No**
	149	2021	A prospective study to understand the epidemiology of gynecological problems among patients of the gynecology Out patient department at a tertiary care center.	Dr.Kamalpriya Thiyagarajan	Completed	**Yes**
	150	2021	Retrospective single center study, evaluating prevalence of anaemia among men and women, based on haemoglobin and packed cell volume concentration, at tertiary care centre in India.	Dr.Dhaval Dalal	Completed	**Yes**
	151	2021	Retrospective, single center, observational, study on evaluation of efficacy and safety profile of “AyurCoro3” by analyzing, feedback data in Ayurveda Dept	Dr.Nanasaheb Mema	Completed	**Yes**
	152		HRCT guided anatomico-pathophysiological scoring system of pulmonary manifestations of Covid-19.	Dr.Dhaval Dalal	Completed	**Yes**
	153		Prospective, single center study to analyze role of sodium channel blockers in patients with prolapsed intervertebral disc(PIVD) with acute sciatica.	Dr.Nitin Raut	Ongoing	**No**
	154	2021	Comparison of DIPSI and IADPSG criteria fo	Dr.Yogini Patil	Completed	**Yes**

	155	2021	Co-relation between MRI and Arthroscopy findings in diagnosis of meniscus injuries based on location of the meniscus tear and pattern of the meniscus tear	Dr.Chandan Shetty	Completed	**Yes**
	156	2021	Screening for mental disorders in patients with newly diagnosed coronary artery disease: A prospective, cross-sectional, observational study.	Dr.Nitin Abdagire	Completed	**Yes**
	157	2021	Integration of Spiritual Counseling in improvi	Ms.Papiya Sanyal	Completed	**Yes**
	158	2021	Exploring the Effect of Spiritual Counseling for Improving Quality of Life and Spiritual Well-Being of Cancer Patients	Ms.Aleya sanyal	Completed	**Yes**
	159	2021	Prospective, Single Centre, Observational study on evaluation of changes in blood pressure in preoperative period in patients posted for Cataract surgery in Indian population.	Dr.Kshama Shah	Ongoing	**No**
	160	2021	A Prospective Multicentric study of Thoracic	Dr. Rajesh Rao	Ongoing	**No**
	161	2021	Impact of antibiotic rotation protocol on antim	Dr.Kinjal Patel	Completed	**Yes**
	162	2021	An open labelled multicentric clinical trial of safety and efficacy of Feijoa freeze dried powder (FFDP) capsule in treated uncontrolled type 2 diabetic patients.	Dr.Ameya Joshi	Completed	**No**
	163	2021	Development of a prescreening tool in hindi for early identification of peripheral neuropathy	Dr.Ameya Joshi	Ongoing	**No**
	164	2021	Prospective, single center study to assess the utility of pre-operative spiritual care intervention on post-operative stress.	Dr.Vaishali Choudha	Completed	**Yes**

	165	2021	Prospective, Single center study to understand the relevance of Telemedicine in orthopedic practice during Covid-19 era.	Dr.Girish Rathod	Ongoing	**No**
	166	2021	Single center, Retrospective, Observational st	Dr.Pushkar Borole	Ongoing	**No**
	167	2021	A retrospective, single center, observational study to analyze correlation between Vitamin D-3 deficiency in orthopedic disorders.	Dr.Nitin Raut	Completed	**Yes**
	168	2021	Prospective, single centre, observational cohort study to evaluate pattern of infections in chemotherapy induced neutropenia.	Dr.Prashant Patil	Ongoing	**No**
	169	2021	Prospective, single center, observational study to analyze the outcome of modified limberg flap technique in pilonidal sinus	Dr.Sharad Waje	Ongoing	**No**
	170	2021	National (i**N**dian **A**nalgo-seda**TION A**nd de**L**irium): Multi-center Prospective Observational Study of Current Analgo-Sedation Practices and the incidence of delirium in Indian ICUs: INSTINCT II study (**IN**haled **S**eda**T**ion **IN C**ri**T**ically ill patients – INSTINCT study Group)	Dr.Prashant Dhotre	Ongoing	**No**
	171	2021	Prospective, Multicenter, Study to Analyze th	Dr.Dhaval Dalal	Ongoing	**No**
	172	2022	Phase 3 randomized study for evaluation of physician choice Rx and triple metronomic as second line therapy in head and neck cancer.	Dr.Nirmal Raut	Ongoing	**No**
	173	2022	Prospective, randomized, two-arm, observatio	Dr.Kirti Mutreja	Completed	**Yes**

	174	2022	Real world study of Safety and Efficacy of Lorlatinib in ALK-rearranged advanced non-small cell lung cancer patients in India - a multicenter chart review study	Dr.Nirmal Raut	Ongoing	**No**
	175	2022	A prospective observational study of the clinical and haematological parameters in newborns, born to mothers with pregnancy induced hypertension in comparison to the newborns born to mothers without pregnancy induced hypertension.	Dr.Sana Agrawal	Ongoing	**No**
	176	2022	Prospective observational study of prevalence and distribution of congenital heart defects in neonates and infants with clinical murmur in a tertiary care centre.	Dr.Jyotsima Pandey	Ongoing	**No**
	177	2022	OCT study of post- phacoemulsification heale	Dr.Harika Hari	Ongoing	**No**
	178	2022	Prospective, single center observational study of severity of hypomagnesemia in critically ill patients.	Dr.Anirudh Kulkarni	Ongoing	**No**
	179	2022	DC000081 An observational study to assess the effect of the Accu-check sugar view app (based on app version 4.0.3) on diabetes empowerment of subjects with type-2 diabetes mellitus (BEAT Accu-check sugar view India study)	Dr.Ameya Joshi	Ongoing	**No**
	180	2022	A retrospective, single centre study for conducting the analysis of the histopathological findings of appendix biopsies in patients at a tertiary care centre.	Dr.Sarang Degloorka	Completed	**Yes**
	181	2022	A retrospective, single centre study of the histopathological analysis of breast biopsies in patients at a tertiary care centre.	Dr.Sarang Degloorka	Completed	**Yes**

	182	2022	A retrospective, single centre study for analysing the histopathological findings of lymph node biopsies in patients at a tertiary care centre.	Dr.Sarang Degloorka	Completed	**yes**
	186	2022	A prospective, single center, questionnaire based, cross sectional, observational study to investigate the association of obesity with eating habits and physical activity among children and adolescents.	Dr.Ameya Joshi	Ongoing	No
	187	2022	Clinical morphology and AS-OCT analysis of trabeculectomy blebs a prospective single centre observational study.	Dr.Vishakha Patil	Ongoing	No
	188	2022	Prevalence of glaucoma in obstructive sleep a	Dr.Druti Varde	Ongoing	No
	189	2022	To compare the efficacy of Vitamin E versus	Dr.Ashwath Vasudev	Ongoing	No
	190	2022	The Indian Biobank Project: Study of Health a	Dr.Dhaval Dalal	Ongoing	No
	191	2022	A Single centre, multi arm , prospective, observational study to evaluate the relationship between gut-microbiome and different types of lung cancers	Dr.Nirmal Raut	Ongoing	No
	192	2022	Prospective, cross sectional, observational study to analyze the correlation between Emotional Intelligence and burnout syndrome among health care workers.	Dr.Vijaykumar Gawa	Ongoing	No
	193	2022	Hospital Based Cancer Registries in India	Dr.Nirmal Raut	Ongoing	No
	194	2022	An observational cohort study to evaluate the association between lifestyle behaviour of medical doctors and lifestyle disease profile	Dr.Ajay Godse	Completed	Yes

	195	2022	A retro-prospective, single centre study to cor	Dr.Nirmal Raut	Ongoing	No
	196	2023	Impact of pulmonary rehabilitation on lung functions and quality of life in chronic respiratory disease patients-Retrospective study	Dr.Bhagyashree Kara	Ongoing	No
	197	2023	Correlation between Oncotype Dx and Magee equation in Indians with Breast Cancer-Retrospective study	Dr.Nirmal Raut	Ongoing	No
	198	2023	US-APR2020-01 A Double-Blind, Randomized, Placebo-Controlled Phase 2 Clinical Trial to Evaluate Safety and Efficacy of US-APR2020 in Subjects with Chronic Kidney Disease Stage IV.	Dr.Jyotsna Zope	Completed	No
	199	2023	The Impact of spiritual care intervention on Q	Dr.Nirmal Raut	Ongoing	No
	200	2023	Prospective observational study to correlate to	Dr.Diksha Singh	Ongoing	No
	201	2023	Study of association of diet & lifestyle related risk factors in functional constipation in urban Indian children	Dr.Pranali Mahajan	Ongoing	No
	202	2023	A two arm, prospective, interventional, single center, comparative study to observe the effects of structured self-perineal care education on episiotomy care, pain and wound healing outcome among Bhaktivedanta hospital and research institute.	Mrs.Suchitra Dalvi	Ongoing	No
	203	2023	A two arm, prospective, single centre, random	Dr.Komal Dalal	Ongoing	No
	204	2023	A prospective, comparative, single centre, proof-of-concept study to evaluate safety and efficacy of SHARP-veda as add on therapy to the standard of care in coronary artery calcification in comparison with control arm having standard of care.	Dr.Sandeep Patil	Ongoing	No

	205	2023	Coronary artery calcium scoring as screening tool for ischemic heart disease and it's correlation with risk markers in type 2 diabetes mellitus	Dr.Bhushan Waykol	Ongoing	No
	206	2023	Utility of ascvd risk score, Framingham risk score and CT coronary calcium score in known DM patient with no history Of ischemic heart disease in prediction of heart disease	Dr. Siddhesh Ravind	Ongoing	No
	207	2023	Impact of pterygium on dry eye parameters an	Dr.Vrushali Andrask	Ongoing	No
	208	2023	Optical Coherence Tomography study of post	Dr.Pranami Dewan	Ongoing	No
	209	2023	A retrospective, single centre, two-arm, electronic medical record-based study to evaluate ASCVD risk calculator in predicting risk of Acute Coronary Syndrome in patients with Type 2 Diabetes Mellitus.	Dr.Ameya Joshi	Completed	Yes
	210	2023	A retrospective single centre study to analyse the adverse events during intra operative and post operative period in patients who have received anaesthesia at a tertiary care hospital.	Dr.Kshama Shah	Ongoing	No
	211	2023	A retrospective, single centre study to evaluate the intra-operative and post-operative mortality and morbidity in high-risk cardiac patients coming for non-cardiac surgeries at a tertiary care facility.	Dr.Shilpa Tiwaskar	Ongoing	No

	212	2023	A single centre, retrospective study to analyse the factors determining choice of anaesthesia procedures in patients undergoing surgery for femur fracture at tertiary care centre.	Dr.Shilpa Tiwaskar	Completed	Yes
	213	2023	A retrospective, single centre study of the histopathological analysis of gall bladder biopsies in patients at a tertiary care centre.	Dr.Sarang Degloorka	Completed	Yes
	214	2023	A prospective, observational, multi-centre single arm study to evaluate safety efficacy of thermal ablation in patients with thyroid nodules and its recurrence.	Dr.Gaurav Gangwan	Ongoing	No
	215	2023	Prospective, comparative, interventional, single centre, pilot study to compare regression of sensory block of 0.75 % ropivacaine heavy with 0.5% bupivacaine heavy after subarachnoid block in pregnant patients coming for caesarean section.	Dr.Shilpa Tiwaskar	Ongoing	No
	216	2023	A prospective, two arm, single centre, controlled, interventional study to assess the effect of Bhaktivedanta mantra audio therapy on infants in Neonatal Intensive care unit and their parents in a tertiary care institute.	Dr.Komal Dalal	Ongoing	No
	217	2023	The Etiology of Intensive care Unit Readmission and Evaluation of Stability and Workload Index for Transfer (SWIFT) Score as a Predictor of ICU Readmission.	Dr.Sagar Sisodiya	Ongoing	No

	218	2023	A retrospective, single centre study to analyse the type of anaesthesia for Hysteroscopic procedures and review of complications.	Dr.Kshama Shah	Completed	Yes
	219	2023	A single centre retrospective study analysing 50 cases of Taylor's approach to spinal anaesthesia (TASA) in patients operated for infraumbilical surgeries with difficult lumbar approach for neuraxial blockade	Dr.Vivek Kulkarni	Completed	Yes
	220	2023	A two arm, prospective, single centre, interventional, randomized, controlled study to assess effect of Bhaktivedanta mantra and music audio therapy on outcome of blood sugar levels and stress levels, in patients diagnosed with gestational diabetes and pregnant women's having diabetes risk factors in a tertiary care institute.	Dr.Komal Dalal	Ongoing	No
	221	2023	A single centre, retrospective study to audit the NtProBNP screening in patients with Type-2 Diabetes Mellitus (T2DM) and prediabetes attending the outpatient department (OPD) of tertiary care hospital.	Dr.Ameya Joshi	Completed	Yes
	223	2023	A single centre retrospective study on hypona	Dr.Namrata Rao	Ongoing	No
	224	2023	A retrospective, single center study to audit the 5S approach of physical activity among the sub urban population of Mumbai with Type 2 Diabetes Mellitus.	Dr.Ameya Joshi	Completed	Yes

	225	2023	Effectiveness of structured teaching programme on human rights of mentally ill among nurses working in selected hospital at Maharashtra.	Mrs.Yogmaya Suma	Completed	No
	226	2023	A two arm, single centre, prospective, randomized, interventional study to evaluate the effect of ERAS pathway Vs traditional methods in patients undergoing Lower Segment Cesarian Section (LSCS).	PI: Dr Kamalapriya Thiyagarajan, Dr.Yogini Patil, Dr.vaishali Choudhary, Dr.Kshama Shah	Completed	No
	227	2023	Prospective observational comparative single centre study to evaluate the impact of maternal obesity on maternal and fetal outcomes".	PI:Dr.Madiha Memon	Ongoing	No
	228	2023	A prospective, comparative, single Centre study of platelet parameters (Counts and Indices) in cases with thrombocytopenia due to different clinical severity grades of dengue in comparison to normal platelet parameters in pediatric population (1-16 Years)"	PI : Dr.Suhas Patil	Ongoing	No
	229	2023	A registry to collect characteristics and outcomes from patients with solid tumors profiled with a next generation sequencing test (WAYFIND-R)	PI : Dr.Nirmal Raut	Ongoing	No
	230	2023	Study of co-relation between inflammatory markers and various severity grades of meconium aspiration syndrome (MAS) & their outcome.	PI : Dr.Deepali Shukla	Ongoing	No

	231	2023	An observational, comparative study to evaluate correction of pre-existing astigmatism using paired opposite clear corneal incisions with and without limbal, relaxing incisions in cataract patients undergoing topical phacoemulsification.	PI:Dr.Priyanka Maur	Ongoing	No
	232	2023	“Study of dyslipidemia in overweight and obese children in age group of 5-18 yrs and it's corelation with anthropometric parameters and visceral fat.	PI:Dr.Riddhi Jadhav	Ongoing	No
	233	2023	An observational, crosssectional study to find ophthalmic disorders and their risk factors in children with developmental delay at a tertiary centre in western India.	PI:Dr.Gayatri Pawar	Ongoing	No
	234	2023	The Indian Biobank Project: Study of Health a	Dr.Dhaval Dalal	Ongoing	No
	235	2023	Prospective, single center observational study of co-relating hypomagnesemia with clinical outcome in critically ill patient	Dr.Krishna Sawale	Ongoing	No
	236	2024	Qualitative & quantitative assessment of sleep in acute coronary syndrome patients & it’s correlation with the risk of acute coronary event- a cross sectional observational study .	Dr.Harikrishna Shari	Ongoing	No
	237	2024	Prospective observational study for prediction of pre-eclampsia at 11 to 14 weeks of gestation using mean arterial pressure, uterine artery doppler and pregnancy-associated plasma protien-a	Dr.Gargee Sharma	Ongoing	No

	238	2024	An observational cross sectional study of association between nephrolithiasis and syndrome x.	Dr.Samit Doshi	Ongoing	No
	239	2024	Prospective, multicentre open clinical study to access the safety, performance, and efficacy of the AGM100@ in patients suffering with respiratory and metabolic stress LD-AGM100.	Dr.Ajay Godse	Ongoing	No
	240	2024	A single center, prospective, single arm, interventional, open labelled, pilot study to understand the efficacy of the intake of oyster mushroom-based soup mix for plasma, glucose control in pre diabetic patients	Dr.Dhaval Dalal	Ongoing	No
	241	2024	Assessment of risk factors, risk predictors, and trigger factors for the development of acute coronary syndrome in patients between 18-45 years of age- an observational, cross-sectional single center study	Dr.Sandeep Patil	Ongoing	No
	242	2024	A prospective, interventional, randomised, two-arm, single centre study to evaluate the effect of ten-on-ten syrup on children with attention deficit hyperactivity disorder. (ADHD)	Dr.Omkar Hajirnis	Ongoing	No
	243	2024	A prospective, interventional, single centre study to predict the validity of personalized therapy utilizing breast cancer patient derived advanced *ex vivo* functional 3D cancer models	Dr.Nirmal Raut	Terminated by Sponsor	NA

	244	2024	A prospective, multi-centric, observational study of patients experiencing Near-Death Experience in tertiary care centers in India.	Dr.Komal Dalal	Ongoing	No
	245	2024	A single centric, retrospective study to evaluate the association between spirometry values and presence as well as severity of Obstructive Sleep Apnea (OSA)	Dr.Ajay Godse	Ongoing	No
	247	2024	A single-center, prospective, observational study to evaluate the effect of acupuncture treatment on lumbar disc pain and functional fitness in patients diagnosed with herniated lumbar disc disease.	Dr.Komal Dalal	Ongoing	No
	248	2024	A prospective , observational study to analyze the factor predicting the role of double J stenting technique in management of acute pyelonephritis	Dr.Vikas kumar	Ongoing	No
	249	2024	A prospective, interventional, single-center study to assess the impact of spiritual care practices and counseling on changes in stress levels, anxiety levels along with sleep quality and cognitive functions among ICU, IMCU, CCU nurses.	Dr.Komal Dalal	Ongoing	No
	250	2024	Epidemiology and microbiology of bloodstrea	Dr.Sumeer Kaul.	Ongoing	No
	251	2024	A Prospective, Single-Centre Interventional Study to Assess the Impact of Pranayama and Meditation on psychological and physiological wellbeing of Paramedical Staff.	Dr Jyotsana Karande	Ongoing	No

	252	2024	A prospective, observational study to compare the effectiveness of self-administered patient questionnaires, the International Prostate Symptom Score (IPSS) and the Visual Prostate Symptom Score (VPSS), in evaluating lower urinary tract symptoms in patients with benign prostatic enlargement.	Dr. Siva Prasad Gourabathini	Ongoing	No
	253	2024	Hepatitis B vaccination drive in a private hospital setup: An experience.-Retrospective study	Ms.Anushka Bhivandkar,	Ongoing	No
	254	2024	A Single centre retrospective study to evaluate the changing treand and prevalvence of malaria in Thane district	Dr.Suraj Purushothar	Ongoing	No
	255	2024	A single-center, prospective, interventional, randomized, two-arm, comparative pilot study to evaluate the effect of post-operative saline nebulization on upper respiratory dysfunction in patients undergoing general anesthesia.	Dr.Vivek Kulkarni	Ongoing	No
	256	2025	A single-centre, prospective, two-arm, observational, randomized study to investigate the causative factors of postoperative sore throat (POST) and assess whether maintaining endotracheal tube cuff pressure between 20-30 cm H2O and supraglottic airway device cuff pressure up to 60 cm H2O influences the incidence of POST.	Dr. Shilpa Tiwaskar	Ongoing	No

	257	2025	A prospective, single-center, randomized, interventional, open-label, two-arm study to assess the impact of short term gut microbiome modulation in patients undergoing spinal surgery.	Dr Vivek Kulkarni	Ongoing	No
	260	2025	A Single Centre prospective Observational Two Arm study using Dexmedetomidine as a premedication by Inhalational and Intravenous Route for Flexible Bronchoscopy.	Dr.Sowmya Nagari	Ongoing	No
	261	2025	An Observational control study to evaluate corneal topographic changes in patients with allergic conjunctivitis.	Dr. Priya Singh	Ongoing	No
	262	2025	Prospective, Observational, Single center study to evaluate the foeto-maternal outcomes in Premature Rupture of Membranes and Preterm Premature Rupture of Membranes.	Dr. Afsana Mansuri	Ongoing	No
	263	2025	A prospective hospital based observational study about region specific epidemiology for extended fever in North Mumbai sub-urban region.	Dr. Neha Nemani	Ongoing	No
	264	2025	A Study on the correlation of free T3/free T4 ratio with lipid profile hepatic fat and , visceral fat pad in adults.	Dr. Shubhankar Ling	Ongoing	No
	265	2025	A prospective observational single centre study of comparision of ET-CPAP/PS method and T-piece method for spontaneous breathing trial to predict successful extubation in very low birth weight neonates.	Dr. Vidushi Sinha	Ongoing	No

	266	2025	A single Centre prospective observational study aimed at evaluating feto-maternal outcome in meconium-stained liquor and identifying maternal factors associated with meconium-stained liquor.	Dr. Aleena Ahmad	Ongoing	No
	267	2025	A prospective, single center, observational study on the visual performance of an enhanced monofocal IOL post phaco-emulsification cataract surgery.	Dr. Shubham Naik	Ongoing	No
	268	2025	A single centre, Prospective, observational study to evaluate the effectiveness of electronic versus paper-based bladder diaries in the clinical assessment of lower urinary tract symptoms	Dr AjayKumar Gajengi	Ongoing	No
	269	2025	A single- centre, prospective, observational, two arm study to compare effects of intravenous fentanyl with intravenous nalbuphine for laparoscopic hysterectomy in terms of intraoperative hemodynamics, postoperative analgesia and postoperative side-effects.	Dr. Poornima Raut	Ongoing	No
	270	2025	Single centre observational study on the assoc	Dr. Satyam Tiwari	Ongoing	No
	271	2025	A single centre, Prospective, Open-label, non	Dr. Ila Ghosh	Ongoing	No
	272	2025	A Comparative Observational Prospective Study To Assess Outcome In Monopolar Transurethral Resection Of The Prostate (TURP) Vs Holmium Laser Enucleation Of The Prostate (HOLEP) In Benign Prostatic Hyperplasia	Dr. Harshad Kavad	Ongoing	No

	273	2025	A Single Center Observational Study Of Etiological Profile, Clinical Characteristics, Adherence To GDMT and Short-Term Outcome In HFrEF Patient In Tertiary Care Centre	Dr. Dharmesh Upadh	Ongoing	No
	274	2025	A single centre, retrospective, cross-sectional	Dr. Bhadrapriya Para	Ongoing	No
	275	2025	Dozee as a Screening Tool for Sleep Apnea Detection, Classification and Sleep Staging.	Dr. Ajay Godse	Ongoing	No
	276	2025	Clinical Validation of Dozee's Contactless Vi	Dr. Prashant Dhotre	Ongoing	No
	277	2025	A prospective, interventional, single-center study to assess the impact of mantra meditation and counseling on changes in stress levels, anxiety levels along with sleep quality, and cognitive functions among Resident Medical Officer.	Dr. Komal Dalal	Ongoing	No
